Plans Shape Up For Opening of United Crusade

Albany Police Chief Ralph Jensen, community campaigning chairman, for the Albany crusade drive, today expressed appreciation of the latest report from Mrs. Florabel Blank, residential campaign chairman. Enrolled as section leaders by Mrs. Blank are: Mrs. W. A. Anderson, Mrs. George McConnell, Mrs. Harold Morton, Mrs. Ted Latavala, Mrs. Paul Watts, Mrs. Thomas Maloney, Mrs. George Ferreira, Mrs. R. C. Ferguson, Mrs. H. L. Kendall, Mrs. George Nesbitt, Mrs. Sisto Masuero, and Mrs. H. R. Lukens Jr.

Chief Jensen noted that many of the mothers assisting as volunteers have children in the Albany youth groups. "With 400 girls and 240 boys in Scouting, 50 girls in Camp Fire units, and several hundred served by the Albany Y," Jensen said, "mothers realize the value of these activities. Contributing to United Bay Area Crusade keeps these youth organizations functioning, and more funds would enable more girls and boys to participate. It costs a community about \$7.00 a year to keep a boy in scouting, and about \$7.50 a day to keep a boy in juvenile hall," Jensen said. "Warden Duffy of San Quentin has often stated that he has never seen an Eagle Scout in jail."

Signed in by the residential section leaders to date, are the following volunteer solicitors: Mesdames A. W. Angell Jr., Edgar L. Volz, William Collier, Milton Porter, Paul Nathan, Robert Moore, Harry Radtler, Irving Joinsdon, Carl Fosschus, Ralph Sheldon, Steven Smith, Eugene Warren, Albert Kister, Robert Dottery, Kenneth Johnson, L. J. Freeman, William J. Potts, J. E. Dornier, Paul Rastson, G. R. Gering, Eldon Wolf, Roy Frandsen, J. H. Arnold, and Orlob.

Also Mesdames Edward Chander, Oscar Koskella, H. H. Street, L. E. Dickinson, Lawrence Lane, Arthur Gerling, William Woolworth, J. P. McNair, Ira T. Clark, Robert Larson, H. H. Matson, M. E. Christmas Seal X-Ray Truck To Visit Albany

The Christmas Seal X-Ray truck of the Alameda County Tuberculosis and Health Association will be in Albany from Tuesday through Saturday of next week (Sept. 27-Oct. 1) to provide free miniature chest X-rays to persons 15 years of age and older, the Albany Health Department announced today.

From Tuesday afternoon through Thursday the mobile unit will be located at Solano and San Pablo Avenues.

Hours of operation will be from 2 to 5 p.m., Tuesday and 9:30 a.m. to 1 p.m. and 2 to 5 p.m. on Wednesday and Thursday.

On Friday and Saturday, Sept. 30 and Oct. 1, the X-ray truck will be parked in front of Dagna's Market at 1382 Solano Ave., and will be open from 9:30 a.m. to 1 p.m. and 2 to 5 p.m.

No appointments will be required for the service, the Health Department reported, and results, which are confidential, will be mailed to persons X-rayed in about two weeks.

The public survey is being sponsored cooperatively by the Health Department and the TB Association.

Solano Avenue Merchants All Out For Gold Rush

The Albany Solano Avenue Merchants Association Gold Rush program is in full swing and merchants already have started decorating their display windows with some of the big gifts and prizes.

Whether or not members of the committee in charge will be able to persuade some of the veteran merchants to grow sideburns and beards, and to wear levis and bandanas right out in public, is somewhat of a question, but the fact remains that the list of prizes to be offered, and which will be awarded on the last two days of the Gold Rush, is growing daily and will be worth working for.

Special scrip is being handed out to customers of the merchants up and down the Avenue, and when the award days come around — Oct. 1 and 2, those with the biggest wads of scrip are going to be in good shape for the top prizes.

Also remember, parents and children, that if you are interested in the big Soap Box Derby to be held at 11 a.m. on Saturday, Oct. 1, it is time you were getting busy.

There is an entry blank to get from your merchant. Then you have to build your car — the merchant will have the "dope" on what things will be permitted and what barred; also the size specifications on the racer.

Roughly the width of the racer is to be 42 inches, and an overall length not to exceed 80 inches. The event is for boys only, and each entrant must have the approval of his parent or guardian. Cars will be inspected by competent mechanics before being accepted for the competition, and must meet certain safety rules. It will be lots of fun, and there will be prizes galore.

Grace Lutheran Will Dedicate New Building

For the third time in less than two decades the members of Grace Lutheran Church, Santa Fe Ave. at Ward, the Rev. O. R. Janke, pastor, will gather for a dedicatory service upon the completion of a building project. In a festive service next Sunday at 11 a.m. the new addition to the parish hall will be consecrated to the glory of God.

The Rev. W. Theile, chairman of the California and Nevada District board for education, and pastor of Calvary Lutheran Church, San Lorenzo, will preach the sermon, using as his topic, "God's Last Word to Us." The choir under the direction of Miss Esther Hughes will sing two special anthems, and the pastor will read the dedicatory rites.

Designed particularly to increase the facilities for the educational program of the parish, the addition has also doubled the auditorium floor space for fellowship gatherings. An all-electric kitchen is also included in the new building, as well as an undercroft which will serve a number of purposes, especially as a youth room.

The architects were the firm of Cline & Zerkle of Berkeley, Edwin S. Hjellum the construction superintendent, and George Viera served as the chairman of the donated labor program under John Hattam, building committee chairman.

Exchange Club Will Hear Talk On Oil Resources

Albany Exchange Club members will be taken on a "trip" deep into the earth Sept. 27 to see in action the powerful forces which produce one of the state's most valuable natural resources.

That resource is oil, and the view of how the vast underground pressures push it to the surface will be provided in a color film which demonstrates the need for conservation and the wise use of those forces.

Speaking in connection with the film will be a Richfield Oil Corporation conservationist, who will tell of the stake held by all Californians in the oil production of the state. The film will show the techniques experts have developed to avoid loss of as much as three-fourths of the oil originally contained in the underground reservoirs.

He will point out the necessity of halting such loss, since oil is an exhaustible and irreplaceable natural resource—it cannot be reproduced and it can be used only once.

At last Tuesday's meeting Inspector Neuhauser of the Albany Police Department spoke on the subject of fictitious checks, substituting for Inspector Smith who had been suddenly called out of town on business.

Pvt. Maurice Hall Now in Germany

4th DIV., GERMANY — Pvt. Maurice Hale, son of Mr. and Mrs. Thomas E. Hale, 916 Peralta Ave., Albany, is a member of the 4th Infantry Division in Germany.

Pvt. Hale, a rifleman in Company E of the 12th Regiment, arrived overseas in June, 1955 from Fort Ord. Before entering the Army in January, 1955, he was employed by the Western Paper Box Co., of Oakland.

PARENTS, TEACHERS ARGUE ON MARKINGS

Albany parents and teachers met Tuesday night at the Cornell School cafeteria in the first of three meetings designed for the thorough discussion and settlement of the controversial question of grading and marking practices in the first seven grades of school.

Facts and theories galore were presented by both factions, but the meeting closed with the question still "wide open." A second meeting is scheduled to be held on Tuesday, Oct. 4, and a third two weeks later on Oct. 18. These meetings also are scheduled to be held at the Cornell School.

Advantages claimed for the individual grading system where a student is graded on the basis of his ability to learn, were contrasted with the competitive system where a pupil is graded on his comparative standing with others in the class.

The individual system is claimed to be fairer to the children who may develop at entirely different rates, and bases its markings upon effort rather than accomplishment. On the other hand in the competitive system many believe the gradings serve to stimulate those with low marks to greater effort.

Shortly after the opening of the meeting a six-page paper was presented by Dr. Charles W. Koch of 1451 Marin Avenue, a lecturer in chemistry and assistant research chemist at U. C.

Labeling the system now in effect in Albany where a pupil is given an E, S plus, an S or an N mark, Dr. Koch said it "does not adequately instill pride of achievement, nor pride in clear thinking."

In rebuttal Alfred Nielson, seventh grade instructor at the Marin School, told the audience that while children used to drop out, they now remain in school. "What about the children who can't quite cut the mustard? Well, we bring them along as far as we can," he said. Nielson further said that it would be difficult to pit the real dufus child against the real bright child.

CHRISTIAN SCIENCE

How righteous thoughts and actions lead to lasting health and happiness will be brought out at Christian Science services Sunday in the Lesson-Sermon entitled, "Reality."

Scriptural selections to be read include Paul's advice to the Philippians (4:8): "Finally, brethren, whatsoever things are true, whatsoever things are honest, whatsoever things are pure, whatsoever things are lovely, whatsoever things are

of good report; if there be any virtue, and if there be any praise, think of these things."

Correlative passages to be read from "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will include the following (261:4): "Hold thought steadfastly to the enduring, the good, and the true, and you will bring these into your experience proportionably to their occupancy of your thoughts."

The Golden Text is from Jeremiah (31:10): "The Lord hath brought forth our righteousness; come, and let us declare in Zion the work of the Lord our God."

CHRIST LUTHERAN

"Strength For Spirit," will be the sermon topic for the third in the series of "Situation - in - Life" topics to be presented at Christ Lutheran Church, 780 Ashbury at Stockton Aves., El Cerrito, by Pastor George H. Mayor Urges Master Plan Be Adopted

Home is where you hang your hat, and if that is in Albany you are a lucky person. So said Mayor Lewis M. Howell in a well prepared and well received address before the Albany Democratic Club on Wednesday evening.

In looking to the future Mayor Howell urged the group to learn more about the Master Plan now being proposed, and be prepared to support it, if they approved.

He stressed the low tax rate Albany enjoys, as well as the high type of officials we have in our schools, police and fire departments, as well as the other dedicated officers.

Mayor Howell stressed the need for additional light industries employing a small number of employees rather than attempts to attract further heavy industries. He urged all citizens regardless of race, religion or politics to take more interest in all civic affairs in order to continue making Albany one of the outstanding small cities in the state, which in a few years more is to be the leading state in the nation.

Rummage Sale

Wednesday, Oct. 5, has been set as the date of the St. Alban's Episcopal Church Rummage Sale which is held yearly about this time. Frank Howard, senior warden, announces that the sale is to be held at St. George's Hall, 2436 Grove St., Oakland.

The co-chairmen are: Mrs. W. L. Buckacher and Mrs. John Royer. Mrs. George Moss, president of the Day Auxiliary and Mrs. Marilyn Connell, president of St. Clare's Guild are assisting in the planning of the sale. As usual there will be a wide variety of things on sale, such as clothes, furniture, kitchen ware, dishes, lamps, rugs, ornaments and bric-a-brac.

Proceeds from the rummage sale are slated for the general expense fund as they have been for the past few years since it became an official vestry project.

Anyone having rummage may phone Mrs. Royer at LAnd. 6-6326 for information, or instructions, where to leave articles. If possible bring the rummage to the church before or after the 11 a.m. service on Oct. 2nd.

Albany Radio Code

Course is Open

For Enrollments

Persons interested in "ham" radio transmission and receiving may enroll in either of two courses currently being offered at the Albany Adult Education Center, 603 Ke Route Blvd. One course offered on Tuesday evenings, 7 to 10, trains the students for the Novice Amateur License. The second course, scheduled for Thursday evenings, 7 to 10, is for those who are preparing for the General Amateur License.

The elementary course, open to the enrollment of those with or without knowledge of radio, stresses the fundamentals of radio, with at least one half the time being spent in code practice. The advanced course will be held every Thursday evening from 7 to 10 and will be so organized that the class time will be divided between advanced radio theory and code transmission and reception. Students enrolling in this advanced class will be expected to be familiar with the Morse Code.

"Following is an excerpt from the City of Albany Business License Ordinance No. 644 affecting this point:
"Section 5.4.—Home Industries. Every person commencing, transacting or carrying on any business in his home in a residential zone, not as a non-conforming use, whose annual gross receipts are One Thousand (\$1,000) Dollars or less, shall pay an annual license tax of Two (\$2) Dollars.

Native Daughters Initiate Five at Meeting Last Week
Five new members were initiated into Albany Parlor No. 260, Native Daughters of the Golden West at initiation ceremonies held last week. Those received into the order were Mrs. Lena Bissell, Mrs. Lillian Mattos, Mrs. Edythe Petersen, Miss Caroline Motta and Miss Janet Amick. Present to welcome the new members were Edna R. Fire Chief Gives Five Safety Rules On Baby Sitters
Fire Chief Fred Pimental of Albany today issued five rules which he believes parents should check before trusting their youngsters to the care of baby sitters. Unless sitters know where to reach parents and how to call the fire department, they will be helpless in case of an emergency. Be sure to give your sitter all necessary instructions before leaving.
These instructions as recognized by the International Association of Fire Chiefs are:
1. Give your sitter the number of the fire department, your family doctor and a number where you may be reached. Have these numbers handy near the telephone. Preferably printed on a piece of adhesive tape then stuck to the telephone. Instruct her to properly dial the fire department and to give the street and house number. Have this repeated before hanging up the telephone.
2. If there is no phone acquaint her with the nearest fire alarm box and how to properly turn in an alarm. Tell her also what neighbor she can call on in any difficulty.
3. Caution her that the child must not play with electric cords or any other appliances and keep the child out of the kitchen.
4. It is best if she has had some first aid experience. Leave a first aid kit with her to take care of simple cuts or bruises.
5. Be sure she knows what to do in a fire emergency. She should first, get the child out of the house; then call the fire department; then call you. Do not try to put the fire out yourself. Call the fire department.
These simple instructions from parents might eliminate some of the accidents that happen to children when left in the care of sitters. The Chief adds that the greatest number of sitters are dependable and aware of the responsibility committee in charge of the social hour was Mary Degennaro, chairman, Clara O'Neil and Ruth Baccigalupi.
The next meeting of Albany Parlor No. 260, NDGW will be held on Wednesday, Sept. 28, 8:30 p.m., at the Macabee Hall on Kains Ave. The decoration theme will be Scandinavia. There will be pictures shown that were taken at the 9th of September parade in Santa Cruz. All members of the order are invited to attend. May Ellis Olson, president, will preside. Mary Degennaro, chairman of the evening.

P.T.A. Ready for Membership Drive Here
To make final arrangements in the city-wide PTA membership campaign, the Albany PTA Membership Committee met recently at the home of Mrs. Mills J. Darnell, chairman, at 801 Adams St., Albany.
Work on the joint campaign, in which the five parent-teacher units of Albany High, Cornell, MacGregor, Marin and Vista are cooperating, has been going on all summer, with the making of posters and a wooden thermometer to record daily percentages of city-wide membership.
Members of the committee mentioned are presidents Mrs. Leslie Burman, Albany High; Mrs. Delmar Young, MacGregor; Mrs. Roy Paine, Cornell; Mrs. Leslie Stanley, Marin and Mrs. Wm. Perry, Vista; membership chairman, Mrs. Ted McCain, Cornell; Mrs. Eugene Warren, MacGregor; Mrs. Clyde Nottingham, Marin; Mrs. Oscar Karst, Vista, and Mrs. Darnell, Albany, who is committee chairman; also Mrs. Lawrence Cassell, publicity chairman, Albany High, and Mrs. Will Betten, membership chairman for the Albany-Berkeley Council of PTAs.
There is no mortal truly wise and restless at once; wisdom is the repose of minds.—John Casper Lavater.
But these rules are set down as a guide for a more accident proof home.

WATCH FOR CHILDREN
When driving, be especially careful in residential neighborhoods. Children are often playing near the street and a child chasing a ball has his mind on one thing only—the ball. The California State Automobile Association urges you to drive carefully where children are likely to be playing.

STEERING WHEEL PLAY
Too much play in the steering wheel of an automobile makes it difficult to handle properly. On most automobiles a free play of three inches or less is normal. Yours has more than that? You should have it adjusted, says the California State Automobile Association.

ERMA
ELECTRONIC RECORDING MACHINE ACCOUNTING

AGAIN BANK OF AMERICA LEADS THE WAY INTO THE FUTURE OF BANKING!

The future of banking is here—today! For with the development of ERMA, Bank of America brings to banking the wizardry of modern electronics.

ERMA...Electronic Recording Machine Accounting... is the fabulous machine-process which will relieve bank personnel of tedious, time-consuming tasks, enabling us to serve you better.

ERMA will perform with lightning speed and complete accuracy the complex chores of crediting deposits, debiting withdrawals, recording new balances (at the same time checking for hold or stop-payment orders), and do the entire job in one-tenth of a second! ERMA will also remember the details of all transactions and, at the end of the month, turn out a complete printed statement of your account.

The development of ERMA is another example of Bank of America pioneering—of its long tradition of leadership. ERMA required more than five busy years to design, develop and assemble and represents the climax of our unrelenting search for new methods of meeting the banking needs of California's ever-expanding economy.
